Experience IDUG

IDUG Product & Services Exhibition/Solutions Centre

Meet face-to-face with leading solution providers and discover the latest technology insight and innovations that can improve the way you do business and your return on investment. Learn how you can integrate these new technologies into your existing system to enhance your database performance and take your company to the next level.

Please Note:

This VIP Pass does not include admission to any conference sessions or meals. A separate registration is required to attend the technical sessions and benefit from the entire conference schedule. Please visit www.idug.org/events for more details

Stay for the Conference and Experience IDUG

As the premiere user-run educational forum for IBM database technology users, IDUG not only provides you with essential information needed for long-term career success, but addresses timely topics of interest as determined by your peers and customers who share many of the same challenges as you.

- Access to more than 150 hours of technical DB2 content
- Admission to all official conference networking events, meals and receptions
- Complete conference proceedings and additional materials on DVD

- FREE Certification testing
- IBM Developer Panel Sessions
- Special Interest Groups
- Vendor Solution Presentations
